Who we are

GENPRO is a professional BIM consulting company with a great experience in mid and large size projects. Our team consists of high-skilled engineers from all main disciplines. The team is capable to develop BIM models at all levels of detail (LoD) and of information (LoI).

Our Clients

Architects
Engineering Consultant
General & MEP Contractor

What we do

Our main focus lies on BIM Modeling, Clash Detection, Shop Drawings services. Always in touch and ready to work in tight deadlines. We follow LEAN principles in our work and provide convenient platform for collaboration to our clients.

We have been working since 2007

More than 250 projects have been designed in the USA, Germany, Russia, Senegal, etc.

Our team has 130+ specialists

Total area of facilities is 13,000,000 sq ft

1/4 of all projects have been completed ahead of schedules
Our Team

- 6 Project Managers
- 10 Architects
- 30 Structural Engineers
- 15 HVAC Engineers
- 10 WS&S Engineers

- 14 Power Engineers
- 3 Fire Protection Engineers
- 3 Automation Engineers
- 1 BIM-manager, 2 BIM-coordinators
- 2 Master Plan Engineers

From year to year, we invest thousands of hours into education. The main focus is to improve the quality of our technical and personal skills and cooperation. Moreover, all engineers in our team are good in Revit. Average age is 34 years, so we have both enough experience and enough energy to move projects on.
GENPRO makes sure that the skill set and expertise of our team correspond to the present-day market demands. To do it, we have implemented a corporate professional development and training system. Engineering practice workshops and achievement tests are held on a regular basis.

Due to the presence of all the necessary expertise in-house, the company GENPRO may achieve maximum results ahead of schedule.
Revit Certificates
"Symbol" residential multi-unit building (326 units).
Includes: 2-level underground parking, school, hospital. Total area: 715,000 sq ft.
Sections: Structure, MEP. Stages: DD, CD, CA.
Architecture Partner: ATRIUM.
“iLove” multi-unit residential building (453 units). Max. height is 365 ft. Located at 11A Bochkova St. Includes: 2-level underground parking, medical center. Total area: 583,000 sq ft.
Sections: Structure, MEP. Stages: Concept, SD, DD. Architecture Partner: AECOM.
Kamchatka Airport, Far East.
Includes: terminal building, more than 15 additional buildings. Total area: 462,000 sq ft.
Sections: MEP, BIM-coordination. Stages: Concept, SD, DD.
Architecture Partner: ASSMANN.
"Palmira" 4* Hotel Building.
Includes: 2-level underground parking, banquette hall, swimming pool, SPA-complex. Total area: 99,000 sq ft.
Sections: Architecture, Structure, MEP, Master plan. Stages: Concept, SD, DD, CD, CA.
